EMR description: The primary focus of the EMR is to initiate immediate lifesaving care to critical patients. This individual possesses the basic knowledge and skills necessary to provide lifesaving interventions while awaiting additional EMS response and to assist higher-level personnel at the scene and during transport. EMRs function as part of a comprehensive EMS response under medical oversight. EMRs perform basic interventions with minimal equipment.

Prerequisites:

- High school diploma or GED.
- Ability to pass background check without felony, violence, or drug convictions.
- Ability to pass drug screen.

Certifications gained after successful completion:

- Prepared and eligible to test for Nationally Registered Emergency Medical Responder.

Coursework, classroom activities, and in-class testing will focus on personal safety, teamwork, and exceptional, compassionate patient care. Curriculum is evidence-based and utilizes state-of-the-art equipment and online resources. Extensive use of simulation and scenario education will be included. Additionally, personal work habits and fitness activities will be included to prepare students for a life-long career in EMS. Students will have access to a fully-stocked ambulance and high fidelity manikin.
