The primary focus of the **EMT** is to provide **basic emergency medical care** and transportation. The graduating **EMTs** have completed a rigorous **16-week program** with about **350 contact hours** and have gained the following certifications:

- Eligible to test for **Missouri EMT license and National EMT certification.**
- AHA Basic Life Support.
- EMS Safety
- Pre-Hospital Trauma Life Support.
- Hazardous Materials Incident Response - Awareness.
- NIMS Introduction to the Incident Command System.
- NIMS Introduction to the National Incident Management System.
- Traffic Incident Management.
- Emergency Vehicle Operator Safety.

The primary focus of the **Paramedic** is to provide **advanced emergency medical care.** The graduating **Paramedics** have completed a rigorous **48-week program** with about **1,100 contact hours.** They have the capstone course of 150 hours as lead medic on an ambulance remaining before they are eligible to test. They have gained the following certifications:

- Eligible to test for **Missouri and National Paramedic licensure.**
- AHA Advanced Cardiac Life Support
- AHA Pediatric Advanced Life Support
- Geriatric Education for EMS
- Psychological Trauma in EMS
- NIMS Incident Command for Single Resources
- All Hazard Disaster Response
- Hazardous Materials Medic
- Tactical Emergency Casualty Care
