ESO is live. As of right now, there are ten records in ESO. We are going to have some extra eyes on charts for the next couple weeks looking at each one to give some feedback to make sure we are on track. Please be patient as registration and billing get up to speed with the new system, too. There are eight charts still in HealthEMS mobile (Dunaway, Baily, McKlentic, Sidwell, Wilson, YoungA, Pursseley, & Werner) - Log in ASAP, please and export those charts.

I'm sure everyone got the email from BEMS discussing childcare, but if you are needing childcare since schools and daycares are shut down, there are a couple resources:

- Survey from BEMS to coordinate statewide resources:
<https://stateofmissouri.wufoo.com/forms/m1cs1vf11dde8dt/>
- CMH classified has a few staff members with older kids with extra time on their hands looking for babysitting: <https://ctm-websrv2.cmh.local/intranet/EmployeeInfo/BulletinBoard/BulletinBoard.asp>

Later this week, it looks like we are getting more respirators like in our hazmat bags. There is also some fit testing for this equipment, so standby for emails from Aaron as he coordinates these activities.
