Subject: daily status update
Date: Wednesday, April 15, 2020 5:15:22 PM

Been lots of conversation about returning to normal operations at the hospital. Not sure about a timeline, but I anticipate as soon as state-wide numbers start slowing, we will see some relaxation of COVID requirements. On that train of thought, I have two questions for all of you:

1. Do you like having regular update emails from me on what is going on in the department? If so, let me know and I'll keep doing something daily, weekly, whatever the situation warrants.
2. Anyone interested in learning more about grant writing? Interested in helping look for, write, and/or manage grants? If the post-pandemic environment is similar to the post-9/11 environment, there will be a LOT of money available for healthcare and EMS. We want to be ready to start getting it. We will send you to class to learn how to write and manage grants, if you want.
