

# EMS Clinical News

April, 2020 - Theron Becker

With all the seriousness going on right now, please be aware of bad people out there trying to scam you and your loved ones. EMS is not immune. I want to bring this critical issue to your attention:

- Do not fall for this scam!
- When you order Dextrose from Materials Management, make sure you get the “good stuff.”
- We used to have 50% Dextrose in stock to provide to our patients.
- In an effort to save money, suppliers are now only giving out 10% Dextrose to unsuspecting EMS agencies.
- This means our patients are getting 40% less Dextrose than they are paying for.
- Don't be fooled.
- Educate the community to **ASK THEIR PARAMEDIC FOR D-50-W BY NAME!!!**
- Get the Dextrose your patients are paying for!!!

CMH EMS Mission: Provide safe, exceptional, and compassionate care to our communities with an emphasis on highly trained and empowered staff.
