Thank you Brice Flynn for going on the vent transfer with me the other day. – Amanda D.

With the warmer weather comes a variety of changes to safety for us. Snakes are coming out with the water and booze, be safe out there.

Clothing allowance renews next month, and Galls now gives us a flat rate of \$5 for shipping. Check your log in information to make sure it works. If you have trouble with it, get with Dawn for assistance. For all the new people, your allowance does NOT roll over, so check and make sure you're not leaving money on the table.
