Leadership Notes

Have you finished your September protocol quiz yet? <http://ozarksems.com/education-quizzes.php>

New HelathStreams added for the quarter. Don't wait until the last minute to get them done.

Everything is on track for CMH to be an accredited stroke center by Nov 1, 2021. If you want to get an early start on the pre-competency requirements, go to <http://nihstrokescale.org/> and obtain an NIHSS course completion certificate.

If you transport a patient receiving blood products, try to bring the empty bags back to CMH lab. Do NOT wait at the receiving facility if the infusion is not done when you get there.

Everyone will now have a 3-month window to get your life support competency done. Your birth month will be the 2nd month. Example, Oct birthday will give you Sept, Oct, Nov to get it completed.

Please check your email. Review your licenses and certifications on file. If there are errors or omissions, please let Theron know.

Referral bonus available for anyone that can get a Paramedic or EMT to come work at CMH. It is a progressive award program, first payment upon hiring, another payment at 6 months, 1 year, and for EMT referrals only a payment at 18 months. Totaling \$1750 for Paramedic referrals and \$1200 for EMT referrals.
