Read your emails. CMS issued its anticipated regulation mandating the COVID vaccines and CMH policies will change to require it to stay in line with CMS because 60% of operating funds comes from those payments. **CMS interim final rule set a deadline of Dec 5th 2021 to get a first dose. CMS is requesting public comments about their regulation for 60 days.** Declaration forms for exemptions have been emailed out for the COVID shots.

I listened to the new HandTevy bereavement podcast. It's worth a listen. There are several articles on this webpage that staff should look into in regards to pediatric deaths.
